

Struggling with substance use is hard enough on its own, and it can be even more difficult for someone with a brain injury. If you or someone you love struggles with one or both of these conditions, the Brain Injury Alliance of Arizona can offer guidance, resources and support. We are dedicated to raising awareness and working toward prevention of future brain injuries. If you have any questions about brain injury, substance use, harm reduction or recovery, give us a call to speak with a member of our Resource Facilitation team. You are NOT alone and there IS help.
